RoboHelp Patches and Updates

🔍

By [Willam van Weelden](#) on 19th November 2018

Apart from regular patches, RoboHelp also regularly receives smaller updates and fixes, such as security fixes. These security

fixes and small updates are not installed automatically and you need to see the

announcements if you don't want to miss them. And when you reinstall RoboHelp, it is always a pain to find all fixes on the various Adobe sites. This page lists all regular patches, security patches and other fixes for

Adobe RoboHelp.

This page contains downloads for several unofficial patches. These unofficial patches are created by HelpEssentials and free of use. We do not offer any form of warranty on these unofficial fixes. While we tested them thoroughly, you use these unofficial patches at your own risk.

Did we miss a fix? [Please let us know](#) and we will update the article.

Last updated: 2019-05-18

Downloading Old Versions of RoboHelp

If you need an installation of an old RoboHelp-version, download the version from: <https://helpx.adobe.com/robohelp/kb/robohelp-downloads.html>

Installing Patches

This page lists two types of patches: regular patches and hotfixes.

Patches

You can recognize patches by version number. You can install patches in RoboHelp by going to **Help > Updates**.

If that method does not work, you can use the direct

download links provided by Adobe and install the patches manually.

Hotfixes

- Hotfixes are separate files that you will have to copy to the correct folders. Every hotfix contains instructions on how to install them.
- Hotfixes may be provided by third parties (such as me). Hotfixes by third parties are recognizable through the text (*Unofficial*) in the tables below.

Notes

- I have been assured by Vikram Verma, former product manager of RoboHelp, that all patches are cumulative. You can install only the latest patch and skip earlier ones.
- A patch includes all hotfixes that were delivered previously.

2009-02-25	Patch 7.0.3	http://www.adobe.com/support/robohelp/downloads.html
2008-05-14	Patch 7.0.2	http://www.adobe.com/support/robohelp/downloads.html
2008-02-26	Patch 7.0.1	http://www.adobe.com/support/robohelp/downloads.html

RoboHelp X5 and earlier

There are several patches available for RoboHelp X5, RoboHelp X3, RoboHelp 2002, RoboHelp 9.2 and RoboHelp 2000. Please see <http://www.adobe.com/support/robohelp/downloads.html> for an overview of all downloads.

FTP

You can download all official patches for RoboHelp 7 and up via

FTP: <ftp://ftp.adobe.com/pub/adobe/robohelp/win>

Note that it may take several days after a patch has been released for the patch to be made available on the FTP server.
